ER Collet Chuck Features

- **Factory Balanced to 25,000 RPM**
Balance at high speed reduces vibration, improves tool life, and minimizes spindle bearing wear.
- **Collet Precision .0002"**
Maintain tool T.I.R. while cutting to extend tool life and improve surface finish.
- **Power Coat Nut**
Techniks Power Coat Nut provides 70% more holding power than standard nuts to extend cutting tool life.

End Mill Holder Features

- **Manufactured to H5 Tolerance**
Techniks end mill holders are the most accurate on the market for improved T.I.R. and extended tool life.
- **Factory Balanced to 10,000 RPM**
Improved balance reduces vibration, improves tool life, and minimizes spindle bearing wear.
- **Techniks Certified Tooling**
Each tool holder is lab certified for H5 bore tolerance and taper accuracy AT3 to extend tool life. A full report comes with each tool.
